

Directions to the SLKA track:

The SLKA track is located 30 minutes south of downtown St. Louis on Interstate 55 at Pevely exits 180 & 178.

- When coming from the north, take I-55 to Missouri Hwy Z (exit #180), then go east on Hwy Z to US Hwy 61/67, then go south on US Hwy 61/67 two miles to Herky-Horine Rd., then go 1 mile west on Herky-Horine Rd. to the track.
- When coming from the south, take exit #178 and go east to the second traffic light which is Hwy 61/67. Turn north on Hwy 61/67 and go approximately 1 mile and turn left on Herky-Horine Rd. Proceed down Herky-Horine Road for approximately 1 mile until you reach the track.

Please contact one of the SLKA officers to learn more about our exciting sport. We'd love to offer you the opportunity to meet with our club members and consider joining our growing community of Kart Racers.

St. Louis Karting Association

Karting in St. Louis at its best!

**I-55 Speedway
Pevely MO**

Kart Racing

Kart Racing is the primary means of driver development for aspiring drivers all over the world. Drivers such as NASCAR's Tony Stewart, Indy Racing's Danica Patrick and Formula One World Champion Michael Schumacher all began their careers in Karting.

Reasons why Kart racing is so popular:

- Affordability; one of the least expensive ways to get started in motorsports.
- Competition equality based on kart/driver weight.
- Safety; required safety gear and certified EMT on site at every event.
- Karts and racing classes established for all age groups.

Club Information

The St. Louis Karting Association, formerly the St. Louis Go-Kart Club, takes pride in its long history of sanctioning Go-Kart races in the St. Louis metropolitan area. Founded in 1960, the SLKA offers competitive racing in a safe and family friendly environment. As a not for profit organization, the SLKA is composed of members who share in the responsibility of promoting club level kart racing for drivers of all ages. Our focus is fostering the development of driving skills by offering significant practice opportunities both on race weekends and during scheduled time periods in select weeks.

Track Information

The Pevely I-55 Complex, commonly called "Thunder Valley", is a .55 mile sprint track consisting of 9 turns and an 800 foot main straight away. The track features hairpin turns and a banked Monza turn. This track definitely challenges your kart's setup and a driver's skill.
